FINDINGS FOR APPROVAL NEGATIVE DECLARATION NO. 13-001

Negative Declaration No. 13-001 has been prepared in compliance with Article 6 of the California Environmental Quality Act (CEQA) Guidelines. It was advertised and available for a public comment period of thirty (30) days. Any comments received during the comment period were considered by the Planning Commission prior to action on the Negative Declaration, Zoning Text Amendment No. 13-002 and Zoning Map Amendment Nos. 13-001 and 13-002. There is no substantial evidence in light of the whole record before the Planning Commission that the project would have any significant effects on the environment.

FINDINGS OF APPROVAL ZONING TEXT AMENDMENT NO. 13-002

1. Zoning Text Amendment No. 13-002 to amend the Huntington Beach Zoning and Subdivision Ordinance (HBZSO) to establish criteria for the SR Senior Residential Overlay District is consistent with the objectives, policies, general land uses and programs specified in the General Plan and any applicable specific plan. The goals and policies of the General

Plan Housing Element state that the City should promote, retain and provide for affordable housing. Zoning Text Amendment No. 13-002 would amend the HBZSO to establish the SR Senior Residential Overlay District to ensure that senior housing is retained.

2. In the case of a general land use provision, Zoning Text Amendment No. 13-002 is compatible with the uses authorized in, and the standards prescribed for, the zoning district for which it is proposed. The proposed new Chapter 228 SR Senior Residential Overlay District would not affect the base zoning designation, development standards or allowable density for any affected property. Preserving senior parks as such maintains the operational compatibility for senior residents and is responsive to issues related to noise and vehicular and pedestrian traffic within the designated parks.
3. A community need is demonstrated for the proposed amendment as seniors have submitted letters supporting the SR Senior Residential Overlay District. The changes to the HBZSO would establish operational criteria requiring that at least eighty (80) percent of the spaces are occupied by, or intended for occupancy by, at least one person who is fifty-five (55) years of age or older, or where one hundred (100) percent of the spaces are occupied or intended for occupancy by person sixty-two (62) years of age or older. The City has identified that the senior segment of the population is an ever increasing group with seniors at 65+ years of age representing 14% of the population. The overlay district ensures that senior housing options are retained.
4. Its adoption will be in conformity with public convenience, general welfare and good zoning practice. The proposed amendment to the HBZSO would allow for the retention of existing senior mobilehome parks, including 10 existing senior mobilehome parks, which would maintain the public's convenience and general welfare. The goals and policies of the General Plan encourage the retention of senior housing.

FINDINGS OF APPROVAL – ZONING MAP AMENDMENT NO. 13-001

1. Zoning Map Amendment No. 13-001 to amend the Huntington Beach Zoning and Subdivision Ordinance (HBZSO) to add the SR Senior Residential Overlay District designation to eight existing senior mobilehome parks is consistent with the objectives, policies, general land uses and programs specified in the General Plan and any applicable specific plan. The goals and policies of the General Plan Housing Element state that the City will promote, retain, and provide affordable housing. This overlay will identify senior housing.
2. In the case of a general land use provision, Zoning Map Amendment No. 13-001 is compatible with the uses authorized in, and the standards prescribed for, the zoning district for which it is proposed. This amendment does not change the base district or zoning land use designation. It is consistent with the new zoning provisions for –SR designated properties.
3. A community need is demonstrated for the proposed amendment as the amendment will ensure that the city retains a variety of senior housing options. The new overlay will permit the senior parks to continue and does not displace residents but allows for the transition of those residents that would not be in compliance with the age restriction or percentage of seniors criteria pursuant to Chapter 228.
4. Its adoption will be in conformity with public convenience, general welfare and good zoning practice. The proposed amendment will add –SR to the existing RMP zoning designation. The SR designation will signify that the park is age restricted to seniors, which is consistent

with the proposed zoning standards and General Plan goals for accommodating a variety of housing to benefit the senior population of the community.

FINDINGS OF APPROVAL – ZONING MAP AMENDMENT NO. 13-002

1. Zoning Map Amendment No. 13-002 to amend the Huntington Beach Zoning and Subdivision Ordinance (HBZSO) to add the SR Senior Residential Overlay District designation to two existing senior mobilehome parks is consistent with the objectives, policies, general land uses and programs specified in the General Plan and any applicable specific plan. The goals and policies of the General Plan Housing Element state that the City will promote, retain, and provide affordable housing. This overlay will identify senior housing.
2. In the case of a general land use provision, Zoning Map Amendment No. 13-002 is compatible with the uses authorized in, and the standards prescribed for, the zoning district for which it is proposed. This amendment does not change the base district or zoning land use designation. It is consistent with the new zoning provisions for –SR designated properties.
3. A community need is demonstrated for the proposed amendment as the amendment will ensure that the city retains a variety of senior housing options. The new overlay will permit the senior parks to continue and does not displace residents but allows for the transition of those residents that would not be in compliance with the age restriction or percentage of seniors criteria pursuant to Chapter 228.
4. Its adoption will be in conformity with public convenience, general welfare and good zoning practice. The proposed amendment will add -SR to the existing RMP zoning designation. The SR designation will signify that the park is age restricted to seniors, which is consistent with the proposed zoning standards and General Plan goals for accommodating a variety of housing to benefit the senior population of the community.
